IAPO: Board of Directors	5
Foreword	6
Introduction I	7
Introduction II	8
List of Contributors	9
<b>General Considerations</b>	19
1. <b>Pediatric Otorhinolaryngology Today and Tomorrow</b> <i>Robert J. Ruben</i>	21
2. <b>Nature</b> <i>Richard M. Rosenfeld</i>	36
3. <b>Authority</b> <i>Richard M. Rosenfeld</i>	41
4. <b>Engaging Stakeholders in Research: The Case of Pediatric Obstructive Sleep-Disordered Breathing and Adenotonsillectomy</b> <i>Anne R. Links and Emily F. Boss</i>	45
5. <b>Adolescence and Drug Use</b> <i>Joana Saraiva, Cristina Tavares, Ana Carvalho, Manuela Araújo, Ines Aguiar</i>	50
6. <b>Go Green! How Physicians Can Interfere Positively on Environmental Impact in Hospitals and Clinic Settings. Is There a Need for EVERYTHING To Be Disposable?</b> <i>Robin Cotton</i>	59
7. <b>The Grim Prospect</b> <i>The Economist</i>	66
8. <b>Developing Pediatric Otolaryngology in Sub-Saharan Africa - Healing the Children's Experience in Ethiopia</b> <i>Glenn Isaacson and Margaretha L. Casselbrant</i>	73
<b>Mouth, Head &amp; Neck</b>	78
1. <b>Pediatric Recurrent Respiratory Papillomatosis</b> <i>Charles Q. Yang and Diego A. Preciado</i>	81
2. <b>Group A Streptococcus and Pharyngotonsillitis</b> <i>Débora Moraes Cardoso and Alfredo Elias Gilio</i>	87
3. <b>Medical and Surgical Management of Drooling</b> <i>Dennis J. Kitsko</i>	99

4. <b>Syndromes Related to Pediatric Otolaryngology</b> <i>Renata C. Di Francesco</i>	105
5. <b>Achondroplasia: Otolaryngologic Manifestations</b> <i>Shalin N. Shah, Jessica R. Levi and Udayan K. Shah</i>	113
6. <b>Electronic Nicotine Delivery Systems (E-cigarettes): Considerations for the Pediatric Otolaryngologist</b> <i>Sneh Biyani and Craig S Derkay</i>	117
7. <b>The Role of Drug Induced Sleep Endoscopy in Paediatric Obstructive Sleep Disordered Breathing</b> <i>Deepak Chandrasekharan, Samit Unadkat, Sanjeev Gupta, Rishi Talwar, Yogesh Bajaj</i>	126
8. <b>Hand Foot and Mouth Disease. A Generalized Overview</b> <i>Clifford Chen</i>	137

<b><i>Nose and Sinus</i></b>	141
------------------------------	-----

1. <b>Infection or Allergy</b> <i>João Ferreira de Mello Júnior</i>	143
2. <b>Allergic Diseases in Children: An Otolaryngologist's Perspective</b> <i>Maria C. Veling</i>	148
3. <b>The Nose Knows How to Kill MRSA . Bacteria from the Human Body Produce an Antibiotic That Seems to Kill Resistant Bacteria</b> <i>Anna Nowogrodzki</i>	158
4. <b>Risk Factors for Postoperative Cerebrospinal Fluid Leak in Pediatric Endoscopic Endonasal Skull Base Surgery</b> <i>Carl H. Snyderman, Amanda L. Stapleton, Elizabeth C. Tyler-Kabara, Eric W. Wang, Juan C. Fernandez-Miranda and Paul A. Gardner</i>	160
5. <b>Pediatric Skullbase</b> <i>Gopi B. Shah</i>	164
6. <b>Choanal Atresia</b> <i>Chadi Makary and Hassan Ramadan</i>	173

<b><i>Ear</i></b>	177
-------------------	-----

1. <b>Driving Innovation in Pediatric ENT</b> <i>Michael Mei and Tulio A Valdez</i>	179
2. <b>Microbiology of Spontaneous Othorrhoea in Italian Children with Acute Otitis Media</b> <i>Paola Marchisio, Elena Baggi, Calogero Sathya Sciarrabba, Luca Ruggiero, Leonardo Terranova, Susanna Esposito and Nicola Principi</i>	188

3.	<b>Plain Language Summary: Otitis Media with Effusion</b>	193
	<i>Sarah S. O'Connor, Robyn Coggins, Lisa Gagnon, Richard M. Rosenfeld, Jennifer J. Shin, and Sandra A. Walsh</i>	
4.	<b>Clinical Practice Guideline: Otitis Media with Effusion Executive Summary (Update)</b>	203
	<i>Richard M. Rosenfeld, Jennifer J. Shin, Seth R. Schwartz, Robyn Coggins, Lisa Gagnon, Jesse M. Hackell, David Hoelting, Lisa L. Hunter, Ann W. Kummer, Spencer C. Payne, Dennis S. Poe, Maria Veling, Peter M. Vila, Sandra A. Walsh and Maureen D. Corrigan</i>	
5.	<b>Frequent Acute Otitis Media</b>	225
	<i>Carlos Ruah</i>	
6.	<b>Acute Otitis Media: Can We Predict Severity of Disease?</b>	231
	<i>Tal Marom and Sharon Ovnat Tamir</i>	
7.	<b>When is it Safe not to Treat Acute Otitis Media with Antibiotics?</b>	239
	<i>Hannah Linkhorn, Graeme van der Meer and Michel Neeff</i>	
	 <b><i>Hearing and Communication Disorders in the XXI Century</i></b>	244
1.	<b>Current Trends in Pediatric Cochlear Implantation</b>	247
	<i>Kenneth H. Lee</i>	
2.	<b>Sudden Hearing Loss in the Pediatric Population</b>	251
	<i>Kavita Dedhia and David H. Chi</i>	
3.	<b>Main Genetic Disorders Involving the Ear</b>	255
	<i>Chong Ae Kim, Lilian Maria José Albano and Rachel Sayuri Honjo Kawahira</i>	
4.	<b>The Evolution of the Diagnostic Algorithms for Pediatric Sensorineural Hearing Loss</b>	266
	<i>Daniela Carvalho and Bryan Liming</i>	
5.	<b>Developing a Universal Newborn Hearing Screening Program: The Australian Experience and Outcomes</b>	272
	<i>Harvey Coates and Paul Bumbak</i>	
6.	<b>Etiologic Diagnosis of Hearing Loss in 2016: Current Advances &amp; Challenges in Genetic and Viral Diagnoses</b>	277
	<i>Sharon L. Cushing and Blake C. Papsin</i>	
7.	<b>Vestibular Dysfunction in Children with Sensorineural Hearing Loss: Where we Started, Where we Are, and Where we are Going</b>	284
	<i>William J. Parkes, Sharon L. Cushing and Blake C. Papsin</i>
