

## *Foreword*

---

It gives me great pleasure to write the foreword to the 14th edition of the IAPO's Pediatric Otolaryngology Manual in the capacity as the President, American Society of Pediatric Otolaryngology.

First of all, I wish to congratulate Dr. Tania Sih who has devoted the past two decades in this labor of love by bringing another edition to press. Having been past contributors to previous editions, I know what impact this manual has on the spectrum of healthcare personnel from medical students, nurses, pediatricians to otolaryngologists in Inter-America.

Tania and I share one common root and that is our friendship with the great teacher, Dr. Sylvan Stool, the 1st President of IAPO. The great example that he was, Sylvan inculcated in both Tania and I the great desire to disseminate information and be the best teacher that we can be.

Congratulations

### **Kenny H. Chan, MD**

Professor, Chairman, Department of Pediatric Otolaryngology  
Children's Hospital of Colorado, Denver, CO, USA  
President, American Society of Pediatric Otolaryngology  
(ASPO) 2015 - 2016
